

Terms of Service

Effective date: 2 May 2026 | Platform: uni-co (University Collaboration Platform)

1. Introduction and Acceptance

Welcome to uni-co, a collaboration platform designed for university students. uni-co provides tools for project management, academic teamwork, file sharing, and department-specific workstations.

By creating an account or accessing uni-co in any capacity, you agree to be bound by these Terms of Service ("Terms"). If you do not agree to these Terms, you must not use the platform. These Terms constitute a legally binding agreement between you and uni-co.

2. Eligibility

To use uni-co you must:

- Be enrolled at, employed by, or otherwise affiliated with a recognised educational institution;
- Be at least 16 years of age;
- Provide accurate, truthful, and complete information when registering an account;
- Agree to keep your login credentials confidential and not share your account with any other person.

uni-co reserves the right to verify eligibility and to suspend or terminate accounts that do not meet these criteria.

3. Accounts and Security

You are responsible for all activity that occurs under your account. You must:

- Choose a strong, unique password and protect it;
- Notify us immediately of any unauthorised access or security breach;
- Not impersonate any other person or entity when creating or using an account;
- Not create more than one account for the same individual.

uni-co stores passwords using strong client-side cryptographic hashing. We will never ask for your password via email or any other channel outside the platform interface.

4. Projects and Collaboration

4.1 Creating Projects

You may create projects within uni-co and invite other users to collaborate. As a project Lead, you are responsible for the content and activity within your project, including the behaviour of members you invite.

4.2 Membership and Roles

Projects have two roles: Lead and Contributor. Leads may archive or delete projects, manage member permissions, and regenerate invite keys. Contributors may work on tasks, upload files, and communicate within the project, subject to the permissions granted by the Lead.

4.3 Leaving Projects

Any member may leave a project at any time. If you are the sole Lead of a project, you must transfer leadership to another member before leaving. Leaving a project removes your access permanently unless you are re-invited.

4.4 Invite Keys

Project Leads may generate single-use or multi-use invite keys to share with prospective members. You must not distribute invite keys to individuals who are not intended collaborators on the project.

5. Acceptable Use

You agree to use uni-co only for lawful, academic, and collaborative purposes. You must not:

- Upload, share, or transmit any content that is unlawful, defamatory, obscene, threatening, abusive, or otherwise objectionable;
- Infringe the intellectual property rights, privacy rights, or any other rights of any person or entity;
- Use the platform to harass, bully, or intimidate other users;
- Attempt to gain unauthorised access to any part of the platform or to any other user's account;
- Upload malware, viruses, or any other harmful code;
- Use automated scripts, bots, or scraping tools to extract data from the platform;
- Misrepresent your identity, academic affiliation, or credentials;
- Use uni-co for any commercial purpose without prior written authorisation.

6. Content and Intellectual Property

6.1 Your Content

You retain ownership of any content you upload, post, or create on uni-co ("User Content"). By submitting User Content, you grant uni-co a non-exclusive, royalty-free licence to store and display that content solely for the purpose of providing the platform services to you and your collaborators.

6.2 Responsibility for Content

You are solely responsible for your User Content. You represent and warrant that you have all necessary rights to submit the content and that it does not violate any applicable law or any third party's rights.

6.3 Platform Intellectual Property

The uni-co platform, including its design, code, workstations, and features, is the intellectual property of uni-co. You may not copy, modify, distribute, or create derivative works based on the platform without express written permission.

7. Privacy and Data

uni-co collects and processes personal data — including your name, email address or phone number, department affiliation, and project activity — in order to provide the platform. This data is stored securely using industry-standard cloud infrastructure.

We do not sell your personal data to third parties. We may use anonymised, aggregated data for platform improvement purposes.

You may export all of your data at any time via the Data Vault feature in your account settings. You may request deletion of your account and associated data by contacting us.

8. Files and Storage

uni-co allows you to upload files to projects. You are responsible for ensuring that files you upload do not infringe copyright or contain prohibited content. uni-co does not actively monitor uploaded files but reserves the right to remove content that violates these Terms.

File storage is subject to reasonable limits. uni-co reserves the right to impose storage quotas and to delete files from inactive or archived projects after a reasonable notice period.

9. Suspension and Termination

uni-co reserves the right to suspend or permanently terminate any account that:

- Violates these Terms or any applicable law;
- Engages in conduct that is harmful to other users or the platform;
- Provides false or misleading information during registration;
- Remains inactive for an extended period.

You may delete your account at any time. Upon termination, your access to projects and your content may be removed. Content shared with other members of a project may remain accessible to those members.

10. Disclaimer of Warranties

uni-co is provided on an "as is" and "as available" basis without warranties of any kind, whether express or implied, including but not limited to warranties of merchantability, fitness for a particular purpose, or non-infringement.

We do not guarantee that the platform will be uninterrupted, error-free, or free of harmful components. We do not guarantee the accuracy or completeness of any content on the platform.

11. Limitation of Liability

To the fullest extent permitted by applicable law, uni-co and its operators shall not be liable for any indirect, incidental, special, consequential, or punitive damages arising from your use of the platform, including but not limited to loss of data, loss of academic work, or loss of collaborative opportunities.

Nothing in these Terms excludes or limits liability for death or personal injury caused by negligence, fraud, or any other liability that cannot be excluded by law.

12. Changes to These Terms

We may update these Terms from time to time. When we do, we will revise the effective date at the top of this document and notify users via the platform where reasonably practicable. Your continued use of uni-co after changes are posted constitutes acceptance of the revised Terms.

13. Governing Law

These Terms are governed by and construed in accordance with applicable law. Any disputes arising in connection with these Terms shall be subject to the exclusive jurisdiction of the relevant courts.

14. Contact

If you have any questions about these Terms or the platform, please contact the uni-co team through the platform or via the contact details provided on the uni-co website.
